Pet Resort & Spa

DOGGY Daycare

Full Day Play = \$32⁺ gst
It's a dog's life...

Pet Shuttle incl. High River/Blackie

"Doggy wanna go DAYCARE"?!!

- Ever wondered what your dog does all day while you are at work? If you spend long periods of time away from home, your pet can become lonely or bored - sometimes resulting in unwanted behaviours.
- DAYCARE can be a valuable resource to help expend energy, or to relieve boredom and anxiety. Not only will your dog love it, you will be amazed at the result. You will look forward to daycare day just as much as they do!
- Whether your dog needs to "burn some gas" on the regular, play fetch with room to run and chase -or simply chill in a sunbeam by the pool; we are committed to the personalized care, comfort and enrichment of each of our guests.
- DAYCARE provides a safe place to practice their doggie social skills. Just like for people - "manners matter" in the dog world. While many attend dog parks, not all dogs/owners are suited to a dog park setting - this is where we come in!
- We offer supervised social play by experienced caregivers. We take the time to integrate your dog into appropriate social play groups based on temperament and play style. We want them to build confidence and exhibit positive group behavior. Social interaction with other dogs contributes to their physical and mental well-being
- Our SHUTTLE SERVICE is convenient and takes away the worry of another errand in already busy day.
